Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
 <p>Composting is Easy! Consider setting up a simple backyard compost pile for yard and food waste. Pick a spot, pile plant-based materials in a heap, and turn occasionally. Layer wet and dry organic materials, such as grass clippings, fallen leaves, and kitchen scraps (avoid dairy and meat items), and let nature do the work. Add greens and browns in equal amounts to compost piles and turn occasionally. In dry weather, water the pile.</p>
